Other comments:	An extra charge for uploading to English database may be incurred. An additional charge for sending results by post remailis preterere			All results reviewed and interpreted by vet Veterinary interpretation is ISO17025 accredited too. CHeCS licensee	✕ A ten working-day turnaround time is quoted to allow for sourcing reagents and/or due to setup costs for running fewer samples, however we aim to test within five working days. Discounts may be available for project work, where large numbers of samples will be expected for several farms. Please contact us in advance of submission to discuss your requirements.
